

Sahar Abdel Samad

Front End Web Developer

SUMMARY

Front-end web developer with a love for clean code. Pair-programming and remote work aficionado. Fluent in multiple languages, frameworks, and technologies, and capable of ramping up quickly and efficiently.

EXPERIENCE

Lebanon, Remote

Front End Web Developer, Jan 2023 – present

- Engaged in interactive projects, and built applications that are both efficient, clean, and reliable, using front-end frameworks and libraries.
- Created intuitive and user-friendly interfaces using UX design principles, ensuring they are inclusive and usable by people with disabilities by following accessibility guidelines.
- Created robust and reusable React components with advanced techniques.

Above The Fold, *Hamra, Lebanon*

Front End Web Developer, Sep 2022 – Dec 2022

- Played a crucial role in building the company's website, by implementing visually appealing user interfaces, ensuring seamless user experiences.
- Created websites that function optimally across various platforms by following responsive web design techniques considering cross-browser compatibility.
- Collaborated with designers to translate UI/UX wireframes into code, ensuring the technical feasibility of designs.
- Collaborated with back-end developers to integrate front-end components with server-side logic.

MICROVERSE, *Remote*

Code reviewer (TSE) and Mentor, Jan 2022 – Sep 2022

- Providing technical assistance to junior developers through code reviews to ensure code quality and performance are optimal.
- Collaborating with students on a 1:1 basis to provide both technical and professional assistance as they complete individual and group projects.
- Mentored junior developers and helped them adapt to the learning environment at Microverse.

INVIGO OFFSHORE, *Mar Roukoz, Lebanon*

Quality Assurance, Oct 2012 – Feb 2014

- Took constant initiatives, improved test documentation, and wrote excellent bug reports, which led to extending my contract from 3 months to 2 years.
- Became an indispensable team member as a result of using creative skills and imagination, giving extra attention to details, and testing as if I was just trying to break the application.

SKILLS

Front-End: JavaScript, React, Redux, HTML5, CSS3, TailwindCSS

Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, RSpec, TDD, Firefox Dev Tools

Professional: Remote Pair-Programming, Teamwork, Mentoring

PROJECTS

[Space Travelers](#)

- It retrieves real live data from the SpaceX API, and provides commercial and scientific space travel services, by allowing users to book rockets and join selected space missions.

- Built with (React, Redux, JavaScript)

[Company Profile](#)

- It retrieves real live data from the Financial modeling prep API, and provides financial information about companies listed on Nasdaq 100 and Dow Jones Market indexes. Users can filter these companies or choose one from the dropdown.

- Built with (React, Redux, Webpack)

[To do List](#)

- It registers your To Do's in the Local Storage. You can add, edit, delete, reorganize, check, and clear tasks.

- Built with (JavaScript, CSS, Webpack)

EDUCATION

META on Coursera, Jul 2023 – Mar 2024

Meta Front-End Developer by Meta on Coursera.

- Mastered advanced front-end technologies, frameworks, and best practices, advancing my expertise in areas such as responsive design, performance optimization, accessibility, user experience, debugging, and interacting with a remote server to fetch and post data via an API.
- Supercharged my skills in React and learned advance concepts and features to build more complex and robust applications.

MICROVERSE, Nov 2021 – Jun 2022

Remote Full Stack Web Development Program, Full Time

- Developed skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development and developed projects with Ruby, Rails, JavaScript, React, and Redux.

LEBANESE UNIVERSITY, Oct 2015 – Oct 2018

Finance & Financial Institutions

- 3.9 GPA.
